The **FULFILLMENT** service refers to the entire range of logistics services made available to an online store to suppress the costs of storage, management and delivery of shipments.

The transport rates offered are according to the table, related to the warehouse in which you choose to keep your products. The online application TCE -TCE WEB ORDER allows permanent online access to your orders invoices C.O.D. and other information.

Orders can be placed online in the TCE application or directly through the API in the online store.

The fulfillment service can be used independently of the courier service by sending by email or ftp the transport labels of the courier agreed by you for both national and international shipments.

The sender is responsible for correctly declaring the weight and contents of the shipment. If differences are found, the shipment risks being delayed or detained by the authorities in the country of dispatch, destination or transit. All shipments are invoiced according to the weight and dimensions found in the sorting hub

Items containing goods that are shipped to countries (except the European Union, Switzerland, Norway and Iceland) must always be sorted, handed over and indicated on the bag label as a package or Encombrand (E), regardless of the format and / or actual weight.

Definirea bunurilor

All contents for international mail that cannot be defined as a document are parcels. This includes any e-mail item with a gadget or sample of goods.

For the correspondence of goods outside the European Union, a CN22 document will be completed by TCE.

Definirea documentelor

A document is an item of only written or printed information that cannot be traded, so has no commercial value.

Facturare

Rates are expressed in EUR without VAT. For companies registered for VAT purposes in the European Union, VAT is not applied.

Tarife

Tarifele sunt disponibile pentru livrarea de expedieri consolidate cu minim 5 item / consolidare

For a volume of goods below this limit, courier service rates are automatically applied.

Timp de tranzit

Service is door to door tracked on 17track.net

Transit time is indicative and is expressed in working days
